The Winter seemed like it would never end! It came in like a lamb and went out like a lion. We endured four Nor'easters to end the season, had a January blizzard and then went into a deep freeze. I would like to publicly praise our Department of Public Works as well as our entire staff for a job well done.

For the second year in a row, I am happy to report to you that we were able to produce a budget with a ZERO tax increase. The budget is a collaborative effort between the Board of Trustees, the Clerk-Treasurer's office and the heads of various departments in the Village.

This year, as in the past few years, we saw a record number of building permits filed, which is a sign of a strong economy. It is so nice to see residents make improvements to their properties. These improvements, and our well-maintained properties show our community pride and makes the Village a very desirable place to live.

Over the past year, we have welcomed many new merchants into the Village with more to come. Our business district is thriving with new businesses looking to be part of our success.

It is you, our residents, which have made our Village such a great place to live, shop and dine. I hear so many stories of generation after generation wanting to stay in our Village. They stay here because of our great traditions and the home town feeling. Events such as Irish Night, Breakfast in the Park, the Fire Cracker Run, Fireworks and parades make it all the more enjoyable.

In the coming weeks, you will see the beginning of this year's road projects. We will be paving many roads and installing handicapped ramps. The improvements to our infrastructure will continue every year.

As reported in my state of the Village, this year we were able to save Colleran Park, a beautiful park on the bay that was disappearing due to erosion. If you never experienced the beautiful views of the Great South Bay from Colleran, I invite you to do so. The improvements we made will ensure future generations will enjoy the park.

Please shop locally and support our merchants who, I like to believe, are the best merchants around.

God bless our wonderful Village.

Best regards,

Jeffrey Pravato
Mayor
